

Who we are What we do

Mission

Lost Our Home Pet Rescue's mission is to provide compassionate services to pets and people in crisis. Since 2008, LOH has rescued over 20,000 pets.

Temporary Care Program

We provide up to 90 days of pet care for pet parents going through a critical life challenge (domestic abuse, homelessness, foreclosure, hospitalization, and more). We have kept over 650 pets with their loving families by providing over 56,000 days of care to pets while their pet parents were in crisis.

Animal Rescue-Owner Surrender

We take in pets from owners forced to give them up because of life challenges as above when they know they will not be able to care for their pet anymore. We find new loving, adoptive homes for these pets

Animal Rescue Abandoned Pets

We rescue pets that have been abandoned (often without food and water) in the wake of foreclosures and evictions.

Pet-Food Bank and Animeals on Wheels

We have fed over 16,000 pets by helping pet parents who temporarily cannot afford to feed their pets.

Sojourner Center - Domestic Violence

In partnership with the Sojourner Center, we manage a pet shelter on their campus. We provide full care to the pets and full pet related support to the families so they can remain closely connected during this critical time.
